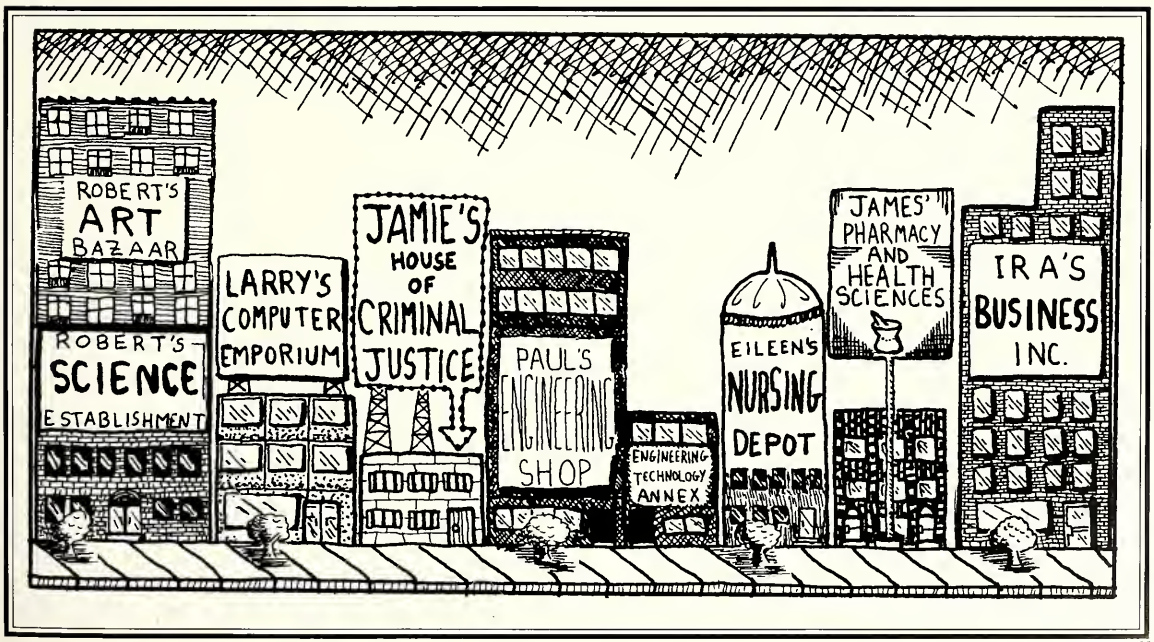
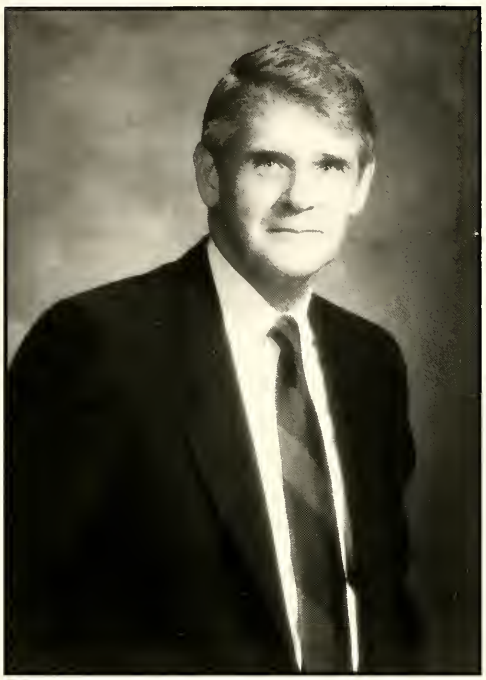
a Look at Northeastern 1996



BJ Hill

PRESIDENTS



To the Class of 1996:

Most of you arrived on campus five years ago, unsure of what was in store and perhaps unnerved by the challenges ahead. Never were there enough hours in the day to study for the English final, write the history term paper, and get a sandwich at the Den. When you were toiling through finals week as a freshman, walking off stage with a diploma must have seemed an eternity away.

Well, you rose to the challenge. You balanced classes and co-op, homework and part-time jobs, volunteer work and, I 'm sure, a social life. Don't understate your accomplishment. It is a special person who has the intelligence, will and discipline to succeed, rather than give up.

With success come more tasks that appear unconquerable, hurdles that look too high, and responsibilities that feel too heavy. When you become disheartened think back to your college days -- not just time spent on the Quad or in Maxwell's. Think about the endless hours spent reading text books in Snell Library or the late nights typing papers in your room. Think about the fantastic challenges you met and the education you earned.
Believe me, you are well prepared for the ever changing world and your changing role in it.

Your class will always be special to me because we are leaving campus together. But I hope that you, like me, will never allow the University to leave you. I hope you will always hold affection for your alma mater,
Northeastern University.

On behalf of the entire University, let me offer congratulations for your accomplishments and best wishes for your future.

John A. Curry
President

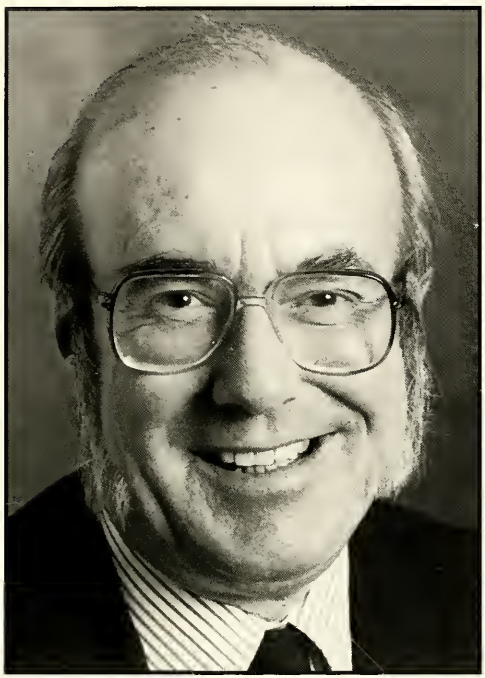
COLLEGE OF



David Leifer

To the Class of 1996:

Let me extend my most sincere congratulations to you on having successfully completed your undergraduate studies at Northeastern University. Just as we at the University feel a sense of pride in our graduates, you should feel pride in what is possibly one of the greatest achievements in your life to date. We have tried to prepare you well, through our academic programs, with an education that encompasses communication skills, critical thinking, multi-cultural and international awareness and the integration of different fields of knowledge vital for the broadly educated person of the twenty - first century. I hope and trust that we have provided you with the breadth of learning experiences to prepare you with the courage and enthusiasm to make a better world.

Best of luck to you in your future endeavors.

BOUVE COLLEGE

Dear Bouve College Graduates:

On behalf of the entire faculty and staff of the Bouve College of Pharmacy and Health Sciences, I would like to offer my most sincere congratulations to all of you. Most of you are about to enter the world of health care. The health professions, as you know, are undergoing rapid change as society seeks to offer efficient and quality health care to all people. As an NU graduate I have no doubt that not only will you succeed in this ever changing environment but that you will influence and contribute to positive change. The skills and experiences you gained off campus from cooperative education and on campus from the faculty, we believe will serve you well. I hope you will always look back to your time at Northeastern with many good memories. Even though you are now leaving us, we hope that you will maintain close ties with your programs and with the University. I wish you much success and good health and look forward to many continued interactions with you.

Sincerely

James J. Gozzo, Ph.D.

COLLEGE OF

Photo by College of Business Administration

To the College of Business graduate:

Congratulation, graduate. On behalf of the faculty and staff of the College, it gives me great pleasure to acknowledge your successful completion of our business program. You have every reason to be proud of your accomplishment. You have survived the rigors of the classroom; you have been tested in the workplace - and you have succeeded.

The challenges have been many and you have perhaps learned as much from your mistakes as from your accomplishments. With diligence, determination, and dedication, you have succeeded and , in doing so, you have established a solid foundation on which to continue to build both your personal and professional life.

As you leave Northeastern, I encourage you take with you a desire to continue to learn - to be open to new ideas, experiences and opportunities. These are exciting times. New challenges await and you are well prepared to make the most of them.

Again, congratulations, best wishes - and welcome to the ranks of the College's alumni.

Sincerely,

Ira R. Weiss, Dean

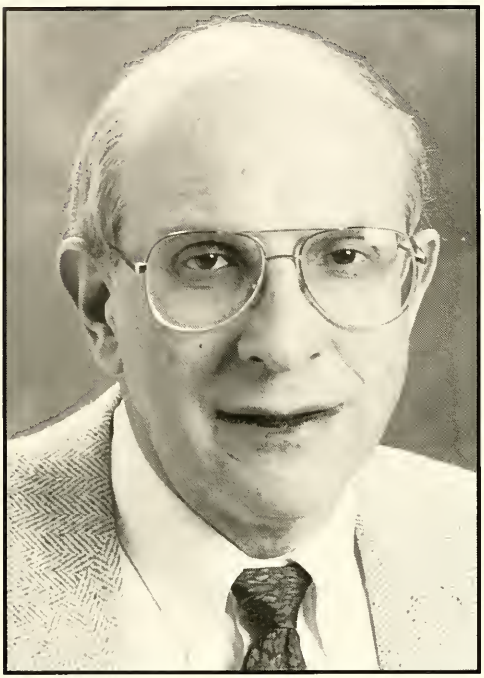
COLLEGE OF COMPUTER SCIENCE



Glenn Pike

Dear Computer Science Graduate:

It has been a wonderful experience for the faculty and staff of the College to watch you develop into a self-confident senior, eager to enter the world and apply the education you have received. When you first joined the college, we challenged you with new concepts and ideas, as we tried to communicate our excitement and enthusiasm for the field of Computer Science. As you progressed through our program and began to master the field, both through your classroom and Co-op experience, you began to challenge us in return. For an educators this the most satisfying part of our profession and the point at which we know that your are ready to explore new frontiers.

The faculty work hard to make our program one that we can be proud of , one that is known for its excellence. The quality of our graduates is the best proof of our success. I, and the rest of the faculty, wish you the best of everything in your future career. We hope you will remember us. By and large , as we remember you, with fondness and respect.

Sincerely,

Larry A. Finkelstein
Dean

COLLEGE OF CRIMINAL JUSTICE

University Photo

Erlyn Ordinario

To CJ 96 Alumni:

On behalf of the faculty and administration of the College of Criminal Justice, I congratulate you on the achievement of earning your bachelor's degree and for all the hard work and dedication that you have shown during your years Northeastern. I have watched your class develop and mature since you arrived here, most straight out of high school. You have grown to become a fine group of professionals whom we are proud to have as our newest alumni and as representatives of the College within the public and private sectors of the field.

This is a critical juncture in the criminal justice arena. Many of our political leaders are calling for increasingly repressive crime - control measures, and new technologies are being developed to detect and investigate criminal activity. It is my greatest hope that as you pursue your career goals you will carry with you a uncompromising sense of justice and a deep respect for the dignity of all humanity.

When you read this letter, it may be just weeks following commencement (Wasn't the new Fleet Center and awesome place for graduation?). Or it may be years from now as you prepare for your 10- year class reunion (How are the 2006 Patriots doing in their new domed stadium?). Regardless, I hope that you are thinking of your old friends in the College and that we prepared you well for the challenges of life and career.

James Alan Fox, Ph.D.

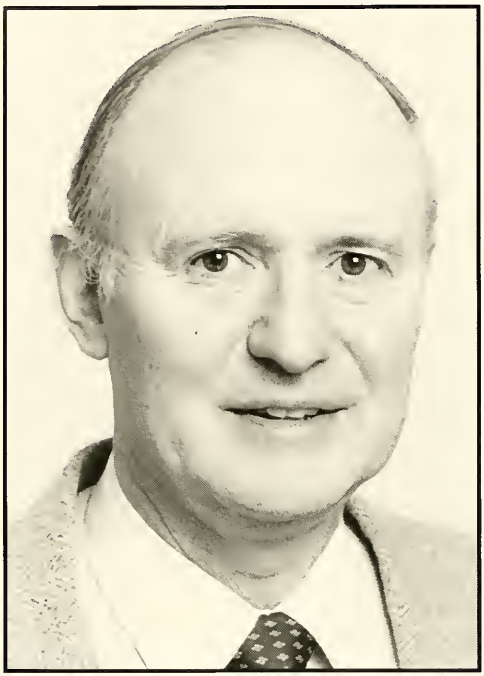
COLLEGE OF ENGINEERING



J. D. Levine

Dear Graduates:

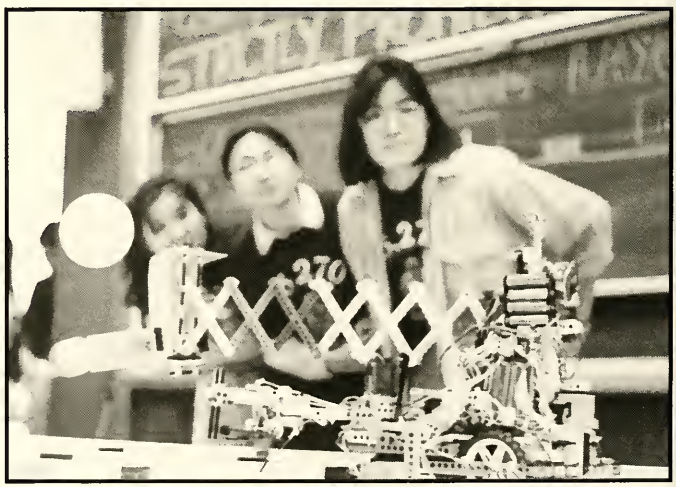
On behalf of the College of Engineering, I am pleased to offer our sincere congratulations to the graduating class of 1996. Your diligent study has been rewarded with a degree of which you can be proud.

During your years at Northeastern you have contributed significantly to the improved reputation of our College. In co-curricular activity your class has been marked by excellence in various competitions, design contests, and professional society student chapter activities. Your cooperative education experiences have prepared you for the workplace in outstanding fashion and helped us maintain national leadership in this most vital form of experimental engineering education.

We wide you every success in your next endeavor, whether it be further study or professional practice. We are confident that you will be outstanding representatives of the College of Engineering and of Northeastern University.

Sincerely,

Paul H. King
Dean



COLLEGE OF ENG. TECHNOLOGY

Glenn Pike

To the Class of `96:

The faculty and staff of The School of Engineering Technology congratulate each and every one of you for a job well done. Thank you for choosing the SET for your undergraduate studies. In the future please don't hesitate to contact us abut recommendations for employment opportunities or graduate studies.

Best Wishes for the Future

Prof. Charles Finn, Mr. Roy Dalsheim. Ms. Rae Galins, Ms. Kordi Heidel, Ms. Susan Ayer, Prof. Azzouz Boulenouar, Prof. William Cole, Prof. Leonard Dow,
Mr. Jeffrey Dowdy, Dr. Samuel Fine, Prof. David Goldman, Prof. John Hajjar, Prof. Eric Hansberry, Dr. Stephen Kane, Ms. Karen Kelley, Prof. George Kent, Prof. Jerome Tapper

College of Nursing
Class of 1996

I am so proud to add you to list of alums of our fine College! Over the course of your program of study, either as transfer students or those of you who can boast of 5 years of achievement, you have demonstrated a genuine commitment to advancing the health of those you served. Your enthusiasm, Idealism and sense of social responsibility form the backbone for your career as professional nurses, while your intellectual prowess and informed sense caring shape your ability to provide safe, empathic and comprehensive care to your patients and clients.

You carry forth into the profession of nursing the proud traditions of Northeastern University and the College of Nursing. Grounded in a strong foundation of nursing theory and practice and equipped with the experiences of cooperative education you are well prepared to launch your professional career. As graduates with an extensive background in all levels of health care from primary and to acute care, including each focus of patient groups, you will be the leaders in he 21st century. Remember the faculty, staff and university that contributed to your growth and professional development.

With warm personal regards,

Eileen Zungolo, Ed. D., R.N. Dean

HOMECOMING

A Few Changes . . .

Homecoming 1995 was a little different than in years past. Our Homecoming King who in previous years had been dubbed "The Mayor of Huntington Avenue" became known as only the "Homecoming King." After a rousing pep rally held in Matthews arena, many students set out to engage in the weekends' activities which were sponsored by the Council for University Programs (CUP).

With funding from the Student Government Association's Budget Review Committee, organizations no longer had to provide their own flatbed trucks for the floats, SGA provided the trucks for them.

After the Homecoming parade, students tailgated, cheered, and visited with family and friends while our Huskies battled James Madison University in a hard fought defeat.

To keep everyone's spirits high, amateur comedian's competed for a chance to appear on an episode of USA network's "Up All Night." Local comic Anthony Clark (star of Boston Common) also made an appearance at the event.

Congratulations go out to Homecoming King, Brendan Cooper of Pi Kappa Alpha, and Homecoming Queen, Joy Ashcroft of Delta Phi Epsilon.

NET SURFING

The Superhighway...

The Net, WWW, AOL, IRC, e-mail. If any of these terms sound familiar to you, then you're obviously one of the millions of people who have hopped on the information superhighway, otherwise known as the Internet. Within the past year, the endless possibilities of the Net have skyrocketed. Only a few years ago there were only a few brave souls venturing out into the unknown depths of the world-wide-web. Now, just about everyone has caught the wave and is surfing around the Net.

Whether you're browsing through Web pages or talking to friends across the country, you'll find just how easy it is to get hooked. However, if by some chance, you haven't joined the rest of the world yet and you think you can't get sucked into the fun of it all, just get an account and try it!. Warning, once you start, you just can't stop. Soon you'll have e-mail pals in countries you have never even heard of and you will be having conversations on IRC with total strangers with wild and ridiculous nicknames. Not only that, you can keep in touch with all of your good friends across the country. Seeing a close friend's name in your incoming mailbox at the end of a long stressful day will surely make you smile.

So, if you're still uncertain about how to get started, call up some of your friends and ask them to help you out. Of course, if you get their machine or get no answer, don't despair! Just go and check out any of the nine computer labs across campus. You'll be sure to find them there because that's where everybody's hanging out! Have fun and happy surfing!!

COMMUTING

Battle For The Diploma...

Rain, snow, shine, sleet, freezing rain, traffic jams, car accidents, pileups, T breakdowns! The connection between these words may not be clear to some, but to commuters, they know them all too well. These are the elements commuters deal with daily. As some of you might already know, there are a number of people who do not or can not afford to live in school housing. So these people have the added adventure of planning a strategy to make it to class in one piece.

Taking the T can be quite convenient; believe it or not. Northeastern University has two stops on campus: Ruggles on the Orange Line and Northeastern on the Green Line. Once you are on, one can study, talk to a friend or do the most popular thing which is to sleep. The trick is to simply pay attention for your stop. The downside of the T is the frequent breakdowns. These breakdowns can vary in time from 10 minutes to hours! Some, if stranded long enough, are fortunately or unfortunately provided a shuttle bus between stations.

Driving has its ups and downs as well. One of the ups is the freedom to listen to your car radio and come and go as you please. Most importantly, you do not have to deal with T breakdowns. The downside is traffic jams and parking! Those who drive from outside Boston must leave sometimes hours before their first class in order to head off traffic. The weather is not much help either. Rain is not bad. But snow is something else alltogether. Try driving without snow tires; it's quite a trip.

Some people will do anything to get their college degree. Even battle a commute everyday.

IMBIBING 101

The Cold Beverage...

What is it really like at Northeastern University when it comes down to having some fun? NU students have the upper hand when it comes to "painting the town red!" There are many student life activities. For instance, on Gainsborough Street we have the famous bar, Our House. A little farther down in the opposite direction on Huntington Avenue, we have Maxwell Jumps and Punters Pub where many students like to relax, have a drink, and dance the night away.

Other students in search of a party go elsewhere. Options aside from the bar scene are Fraternity parties, dance clubs on Landsdowne Street, and apartment parties. The word travels fast when a party is announced. One of the advantages of living in the City of Boston is that everything you could possibly want or need is within walking distance or a short T ride. Driving is not necessary; therefore, you are more likely to see people staggering down the sidewalks after last call than hearing about a car accident!

When asked why they drink, some people simply state: "Sometimes it is just fun to kick back and have a drink with friends." Or it could be just what the doctor ordered when those miserable midterms come creeping around the corner.

Drinking will remain popular for various reasons. Whether it be stress relief, socializing, taking a breather form class, or just plain fun, drinking will always be a hit and a relevant part of student life.

IMBALANCE

Sports Cutbacks...

Northeastern has begun the move towards the NCAA Title IX requirement of equality in sports offered and the amount of funding allocated at universities that accept federal funding. There is little hope that this goal will be obtained any time soon, but as of the 1995-1996 academic year, a change has begun to take shape. Currently there are 22 varsity teams, that number will be slashed to 15. The addition of women's soccer and softball proves that the shift is for real. However there are also casualties, gymnastics has been eliminated in the move, plus many varsity sports have been converted to club sports, such as: men's swimming, tennis, golf, and women's hockey. Alternatives also run from combining the men's and women's indoor and outdoor track from four teams to two.

The money currently being funded into sports breaks down to 61 percent allotted to men's sports, and 39 percent for women's sports. The change will focus on an equal shift in the next five years by increasing funding in women's sports. The reasons for the downgrades: women's hockey is not recognized as an NCAA sport, a large number of women's softball teams and a low number of gymnastics programs.

THE SANDBOX

Favorite Pasttimes...

After doing hard work in all your classes and pleasing your parents, there are interests that you as a students have. Many students like to go to bars, shopping, the gym, in-line skating, etc. Students like to do other things to relieve the stress they had all quarter long. "Going to clubs every weekend has helped me relax and have a good time," said Marla, a middler student. If students continue to study and not take a break and have some fun they would have a nervous breakdown. Students should always get involve with other things because you want to have a wonderful experience in your college years.

LIMITED LOTS

Search For A Space...

Have you ever sat at the Field Lot for an hour and a half waiting for a single soul to move their car so that you can get back to your life? Parking! Parking! Parking! A curse word in many NU student's minds. The Centennial Common, Egan Research Center, Marino Recreation Center, and the new Classroom Building have consumed much of the scarce and valuable parking spots left. Northeastern however has no plans to construct any new facilities or purchase any additional lands to accommodate student and faculty needs. The 900 car parking garage on Columbus Avenue is great, but it is not open 24 hours. Thereby making it useless to students at night.

Residents can wait a little longer for a spot because they live here. On the other hand, the commuter student is left in a bind. Having to wake up hours before they have to just to find a place, being late for classes while waiting for a place, or having their cars towed, are just some of the problems the limited availability of parking has caused. You pay 115 dollars for a parking sticker that does not guarantee you a spot or protection of your wheels. Will there be a time when all will be guaranteed a spot? Not for now, we just have to circle around campus a couple hundred more times and pray. Good luck and happy hunting.

FAREWELL

Curry's Retirement...

Graduation marks the moving on from one phase to another in one's life. Graduates will move on to face new challenges and opportunities. After the ceremonies have ended, the Class of 1996 will not be the only ones saying goodbye to our University.

Northeastern will witness the end of an era as President John Curry retires. After serving as university president for the last six years, Curry is leaving to spend more time on personal pursuits. He is the first Northeastern alumnus to be named president.

Curry led Northeastern through many changes during his tenure. The biggest was the downsizing of Northeastern's enrollment and budget. Faculty and students were saddened by the news of his retirement. Some thought that Curry would remain president for Northeastern's 100th anniversary in 1998. However, this was not to be.

Like its graduates, Northeastern University will now have a different future. There will be new challenges and decisions to be made. Farewell, President Curry . . .

WELCOME TO
My Humble Abode...

Remember when we came for a campus tour and saw the wonderful rooms that we thought were so big? Then you realized that you had a lot more stuff at home, and it would never fit in that shoebox sized room, nevermind all of your new roommate's worldly possessions.

Somehow those of us who struggled through our first year in the residence halls. Upperclass housing was an improvement, offering actual apartments with kitchens and even a bathroom. Some escaped to an off campus apartment, both options have their ups and downs. No cafeteria food, Yay! But, now we have to cook and shop for ourselves. A simple task in theory, but ask someone how much they love it when they are struggling home from "Stah Mahket" with more than an armload of groceries. On the other hand, you have your own place!

Unfortunately this past fall many people had a hard time getting on the list for on-campus housing. Due to some miscalculations, there were too many students wanting to live in not enough rooms. Both freshmen, upperclass and graduates were disrupted by this. Residential life tried to house people as best they could in the Y.M.C.A. on a temporary basis. Plans for curing this dilemma are in order.

REGATTA

Head of the Charles...

On a day consumed with fresh crisp autumn air, painted with breathtaking foliage, and filled with thousands of spectators, no one could have picked a better day for Boston University to host the annual Charles Boat River Race. Cliff Davis, editor of the Rowing News hails that it was "the largest single-day rowing event in the year." People were lined as far as the eye could see along the border of the river.

For the people watching, it was to be a long leisure filled day; however, for the people involved in the race, the day was exhausting and long. The race began precisely at 7:50 a.m. and ended at 4:50 p.m. Over 4,500 rowers and 1,102 boats took advantage of the opportunity to glide along the Charles competing in the race.

Watching or rather understanding the race was no easy task. Altogether there were sixteen major events. To decipher which boat belonged to which race was nearly an impossible task. Steve Maggio, writer of Head of the Charles Magazine said that generally the men went first "followed by a two to four minute hiatus and then the women commenced rowing." Before each race, the racing rules were bellowed to the rowers. Each team, the speaker reminded, had to keep a minimum of two to three lengths of separation. He then called each of the competing boats by name . . . "Harvard, Middlesex, Princeton, Yale...." To each team he yelled the phrase "bring it up" and then cried "row." One by one the boats took off, and the complexity and excitement of the day began to unfold.

The highest concentration of people were congregated most closely to the Boston University Boat House which is commonly referred to as "Operation Base." Nearly two dozen volunteers, Maggio said, "staffed the Starting Line throughout the day." The volunteers, manned the dock area, while the most fervent fans sat back on the adjacent greenery. A few college fans, instead of roughing it in the ground, brought a couch, and sat quite comfortably enjoying the race.

The overwhelming beauty of the race was intoxicating. "The rays of light created a dappling effect on the surface as you surveyed the Starting Line," Maggio observed. The day's real beauty was brought on by the thousands of people who came together appreciating this day. One almost forgot that a real race was going on. Cliff Davis reminds us though that the exquisite setting "attracts some of the best international crews to three miles of the Charles that challenge and reward over four thousand and five hundred athletes every year."

SOCIAL SCENE

The Bars of Boston...

It's 9:15 P.M. on a Thursday night and you have just finished studying for that killer exam you have next week. So, what next??? After much thought (5 minute), you call up a couple of your friends and decide to go check out the local bar/ pub scene. That's the great thing about living in such a diverse city-- there's always something going on or to do no matter what age you are. Particularly if you apart of the over 21 crowd the options are unlimited!!

There's always the faves that are nearby campus like Maxwell's or Punter's Pub. Our House, Dick 's Last Resort and Chicago are great places to go to kick back and enjoy affordable food while you drink. If there is a big sporting event going you can always go to Champion's Sports Bar and see the event on the big screen over drinks. Want to hear local bands perform for more than half the price of a concert-- then head for Fanueil Hall where you can go to places such as The Purple Shamrock, The Black Rose or Clarke's. Go early because great entertainment & drinks draw in crowds quick. Still Undecided??? Hey the night is still young--after all it's only 9:30! That's why its called barhopping-- because no two places are the same & every place has a sense of character that keeps you going back for more. What more could you ask for !!!

Boston

STUDY ABROAD

A Chance To Travel And Learn

Studying abroad is one of the best decisions I ever made in my college career. When the College of Arts and Sciences's study abroad office initially notified me of the Study abroad program, I was not too enthusiastic about it. It was not because i did not want to travel beyond Boston. It was because I saw it as an expensive venture and a diversion from my course work which I was bent on finishing before being swallowed up on higher fees and the bureaucratic mess we experience here at Northeastern. In retrospect, my study abroad experience was better late than never.

My study abroad involved taking two classes at the London School of Economics and Political Science. My two classes were in Political Science and I also had an internship at the House of Commons, The British version of the American Congress. The deal was that i would take classes on Mondays and work from Tuesday to Thursday for a member of parliament. That was a good deal because it meant that my weekend started on Thursday evening and believe me that left you with a lot of time to see the continent. I made the best of my spare time. Classes were discussion type classes and I must say the Professors had a lot to share with us and they were also very interested in what we had to say. There were no tests or quizzes during the semester, just an exam at the end. This applies to this particular program and it might differ from others.

If there is anything to be said for study abroad, it is "Do it, it's a lifetime experience."

ROOMMATES

Someone to share with . . .

One of the things we equally dread and anticipate as freshmen are...roommates. These are complete strangers whom we have to live intimately with for the next year. So when we finally conclude the invigorating, wild, frustrating, and brazen ride we call freshman year some of us decide to take the more comfortable road and room with a friend. How comfortable is it really? Knowing a person is one thing, but living so closely can have some serious effects.

Let's face it most people who choose their friends as roommates use them as a sort of safety net. What could possible go wrong with a person you know inside and out? When the first few weeks of introductory fun are over, reality sinks in unmercifully. We discover and possibly obsess over our roommate/friend's habits..."When the hell is he going to get off the phone?...I never knew she snored...turn the damn light off." Strangely, we find ourselves consistently talking behind our friend's back, being disgusted with them at times, and often taking their friendship for granted.

On the other hand we discover a person we can tell our problems to. We've got someone to share mundane tasks with. Sometimes in the wee hours of night we find ourselves pouring our souls out to one another, and honestly tearing away facades to touch upon real stuff that matters.

Living with a friend is partly as good or bad as you make it (meaning your positive attitude may not solve every problem), but it also depends on the way you deal with stuff. You get a real wake up call telling you "that you've got some habits that could potentially piss someone off." Yeah, an issue as simple as not doing the dishes or not cleaning up dust from the bathroom can turn you and your friend into total warheads. With any kind of living relationship there can be the really exceptionally great experiences and the really unpredictable bad instances. Getting through it is the tough part. Maintaining a friendship with a person you may want to scream at half the time is insane.

You know that old line--honesty is the best policy? Yeah, the one you heard a million times as a kid you always took at face value. Well, learning to be honest with a friend who is a roommate can potentially make the situation a lot easier. Tension won't grow exponentially out of control if you just let your friend in on what you're feeling. Take the chance in being honest with your roommate and you may be surprised in how you can better your "friendly arrangement."

GEOLOGY TRIP

As anyone related to the Geology Department at Northeastern can confirm, we take many field trips. Be it just a quick drive to a nearby quarry to study some rock formations or a two week hike along the Grand Canyon, we do it all that concerns the environment and the study of our living planet.

The Geology Department, along with the Terra Society and the Geology Club are always up to something. Always planning fun and fascinating, and also instructive trips to see out there what we learn in class. Last year, 15 lucky Geology students were chosen to go to the Bahamas, for a two-week field trip filled with everything from scuba diving to "sampling local culture" to studying the Great Coral Reefs so characteristic of that region. This year another 15 lucky students will go the Cascades Mountains of Washington and the Oregon Coastline to hike to the top of Mt. Saint Helens and evaluate land-use principles of the State of Oregon, among other things.

One of such trips was the three-day adventure journey that the members of the Water in Environmental Planning class, taught by Prof... Peter Rosen, took to the Island of Nantucket. There we not only had the chance to "sample some local culture" at the Chicken Box, but also we had the great opportunity to visit many places of geological interest.

Our trip included several stops all along the small island. We spend both nights on the UMass field station, located on Nantucket's inner harbor. Our class had a hands-on approach to everything from washing dishes after supper to collecting characteristic minerals and rocks of Nantucket's glacial landscape. The students visited the historical Nantucket Downtown and also the famous lighthouse at Sankaty Head. Other sites visited were Altar Rock (Nantucket's highest point, from which we watched the sunrise), Sesachacha Pond, Tom Nevers Head, Codfish Park, Siasconset, and of course, the Nantucket Municipal Airport, from where we not only went for a charter flight over the island, but also had the chance to see the real site of USA Network sitcom Wings.

SPORT IN SOCIETY

AT THE WHITE HOUSE

The United States of America recognizes the importance of sport in the world. Through sport in society, many people have benefited from the participants to the fans. In the adjoining picture, President Bill Clinton and First Lady Hillary Clinton pose with many figureheads from the sports community.

Field Hockey

NU's season at 21-3.
Story By: Cory Nightingale

"[The goal] was an opportunity we took advantage of," said Murtagh, whose Huskies' were also eliminated by Maryland in the first round of the 1992 NCAA tourney. "We forced things after that, and Maryland was back down our throats."

For awhile though, it looked like Northeastern was the chosen one, starting with Nasca's winning goal against Ohio St. Sept. 15 that began the Huskies streak of glory. Eighteen consecutive victories would follow, some an expected formality, others dripping with delirious celebrations. A week later at Parsons Field, NU took out Boston College, the team that had eliminated it from the NCAA tournament a year earlier at Parsons.

The Huskies began their perfect, 8-0 North Atlantic Conference season on Sept. 29 with a 5-0 drubbing of Drexel. NU dipped back into conference play, getting by Delaware (2-1) and Towson St. (5-1) on a dangerous road swing before Oct. 14 showdown with Boston University.

NU had a dramatic, tension-filled 1-0 win. Victories over Vermont, New Hampshire, and Maine would follow, and a top-seed in the NAC tournament at Parsons. NU had won 15 straight games, tying the NU consecutive unbeaten mark set in 1985. The Huskies also were the first NAC team to accomplish the feat since 1990.

The Huskies took down a stubborn UNH team, 2-0, in the semifinals. In the finals, NU met up with BU again, and a Husky freshman put her stamp on an old rivalry. The teams had again left the score board empty and the stands full of excitement and anguish, before Danilecki — breaking earnestly toward the right post, popped in the winner the with just 2:09 left.

The Huskies celebrated their second straight NAC title, their fourth under Murtagh, exceeding almost everyone's expectations in 1995 — except maybe their own. Their motto from the beginning had been, "Get There." First it meant winning the NAC title. Once they put that trophy on their mantle, the meaning of the phrase was meant to define a trophy of national proportions.

Unfortunately, when they unfold the scribbled scriptures on the 1995 season's magical carpet, the Huskies will have to examine an honorable defeat at the tip of a national championship takeoff.

"We played hard," said Ruggiero, after the Final Four loss to Maryland. "I think we made a name for Northeastern field hockey. This is not going to take away from what we have done."

Football

Davor

Davor

Davo

s by Erlyn Ordinario

The football team started and ended on a high note. What happened in the middle, though, wasn't so encouraging.

The Huskies brushed up for the season with a 44-3 season - opening win over Colgate. It was Northeastern's most - lopsided win over a Division I - AA school in almost a decade and marked the emergence of sophomore fullback Jeff Reale. Then the hard times hit.

NU Dropped its next five games. There were some close ones, and there were some that weren't including a 32 - 0 loss to William & Mary, the first shutout in coach Barry Gallup's five year Northeastern career. After six games, the Huskies stood at 1 - 5, last in the Yankee Conference.

There were signs of life in the latter half of the season. NU beat crosstown rival Boston University, 14 - 3, for its first win in the annual Canine Classic. By the end of the year, Northeastern had improved to 4-7, good enough for middle of the pack in the conference.

The Huskies were led mostly by its younger players. Junior quarterback Jim Murphy started for the second year, throwing 10 touchdowns. Brian Vaughan rushed for 742 yards and six touchdowns. He needs only 451 yards in his senior year to become Northeastern's all-time rushing leader. Defensively, corner back Mark Hopkins led the team with three interceptions and Reggie Thornton was NU's leader in tackles.

One area that Northeastern needs to improve is its home field performance. In the last two years, the Huskies have won only one game at Parsons Field.

North Atlantic Team Conference Standings

After winning six of their last nine regular season games, the Huskies lost they're only two games in the North Atlantic Championships tournament at University of Maine. Despite a gutsy pitching performance by John Forneiro against Hartford, the Huskies couldn't hold back a late comeback, in which Hartford scored four runs to win 7 - 6. Coach Neil McPhee said that he still has plenty of talent in his program, even though he will lose his top three pitches in Forneiro, Ennico, and Hauser. Forneiro and Ennico are expected to test their wares in minor leagues.

For NU Women's B-Ball team the season ended much the way it started. The trio of seniors on the team each reached double figures in their last game, led by Julie Davis (14), Marisa Petreccia(12), and Nora Mitchell(10pts, 10 rebounds). "We have higher goals for the next season. We don't want to finish in the middle of the pack. We have to work on out fitness. We have to get quicker and get better offensively," head coach Malchodi said. All things considered, Malchodi said she was satisfied with the season.

"It's been a long ride," said NU head coach Dave Leitao with the game, "We probably didn't meet the goals we set out to at the beginning of the season. But we played hard and represented ourselves well. For the most part, we kept out heads held high." The Huskies finished the season at 4-24. Harrell poured in a season high of 30 points.

Eastern Sprint Champions: The men's crew proved its second-place finish in the 1995 Eastern Sprints was no fluke. The Husky heavyweight eights won the `96 regatta for the first time in 23 years.

The NU women capped off their season with an 11th place finish in the IC4A Championships. They finished with 30 points, which was almost their margin of victory.

Several of the womens' best performers have been hampered all season by injuries. Theresa Findlay was almost added to the list when she was hit in the back buy an errant discus. She managed to come back and win the hammer throw.

The NU men failed to score the minium low points to be placed in the top 45 teams of the men's IC4As, which were won by Liberty University.

The Northeastern men's cross country team finished a respectable sixth among Division I schools at the New England Championships. With an Overall time of 2 hours, 11 minute, and 27 seconds, the huskies beat out New Hampshire, Holy Cross, Maine, Rhode Island. Hartford and Central Connecticut. In the overall varsity category, NU finished ninth as Brandeis MIT, and Williams (all division 2 and 3 schools) finished ahead of the Huskies.

Tami Waddell and Heather Ozaroski led the Huskies with strong performances this year. The NCAA competition on April 13, at Penn State was the last time the NU Gymnastics team will compete. As the program is being eliminated in an attempt to establish gender equity in athletics. However this year they captured the ECAC championship. "It was very exciting and a good way to end the season," Denise Driscoll added, who has been injured this season. "But it's sad to have the season end, permanently."

The men's Northeastern swimming and diving team won the North Atlantic Championships. Despite 23-30 other swimmers in each event, men and women from NU earned first place honors frequently. Captain Bernadette Keane won the 100- yard butterfly. She also placed fifth in the 200-yard butterfly. Cindy Peterson captured the one and three meter diving events. Captain Scott Bloehman won the 100-yard freestyle with Kurt Leslie in a close second place. Leslie also placed fourth in the 200 yard freestyle. Tim Watson finished fifth in the mile, and Ben LoPinto ranked second in the 100 yard backstroke and sixth in the 200 yard backstroke.

The soccer team this year had an overall record of 11-6, the Huskies were shot down by their 5-4 record in the conference, including a 2-0 loss Nov. 1 against Hartford that knocked out its playoff hopes. "Hartford played well," coach Lonero said, "They deserved to win. They threw a new look at us, and we didn't adjust fast enough. We couldn't quite pull it out." Five wims was the most that the Huskies have ever had in aNAC play. Lonero said. "BU was a tremendous game for us. Hansen was unstoppable." They spoiled the Terriers chance of hopes for home field advantage during the NAC playoffs, by beating them 3-2.

Team captain Eric Jackson, midfielder Nils Aass, sweeper Heiko Ross, and defenseman Marc Dos Santos will be graduating. All of which contributed with scoring, defense, and leadership. Looking foward to next year where will see Hansen and regular goalie Andy Boyea return, who was out this season.

"I can envision us being competitive for the national titile sometime very soon," Loreno said. "Five years ago, people didn't know there was a program here. Now they are seeking us out."

The Northeastern cheerleader team earned a seventh place finish in the Cheerleaders National Championships, held in Daytona Beach. The huskies were very close to moving higher in the standings. There were only eight-tenths of a point separating third place and seventh place. The team also won the Northeast Regionals and performed at the FleetCenter during a Boston Celtics game. The Huskies were a part of the opening performance for the Olympics in Atlanta.

ΣΓΡ SIGMA

Sigma Gamma Rho Sorority, Inc. dates back to November 12, 1922 at Butler University in Indianapolis, Indiana when seven young dedicated school teachers organized the first Sigma Gamma Rho Chapter. The Sorority is a non-profit, collegiate organization which focuses on community service. Our slogan is "Greater Service, Greater Progress".

Sigma Gamma Rho Sorority gives leadership, service and resources toward removing barriers and inequalities so that all people of America, especially the African-American community, may develop their potential and exercise full citizenship. Through support of human rights legislation, service to and support of grass roots individual and community development activity and through active participation in the programs of affiliate and other organizations we are committed to working to improve the equality of our lives and the society we serve.

Kappa Nu Chapter was founded on April 27, 1994 at Virginia Beach by eight women dedicated to the ideals of Sigma Gamma Rho Sorority Inc. Since 1984, Kappa Nu Chapter has developed their own unique style and has instituted many major programs: Student Resource Booklet which serves as a directory of on and off campus locations for new Northeastern students; "Black Roses": A tribute to our Black Men; and Project Acorn, an essay contest in conjunction with Mary McCleod Bethune Institute for Young Girls.

GAMMA RHO

ΔΣΘ DELTA SIGMA THETA

Delta Sigma Theta Sorority, Incorporated is a public service organization founded at Howard University on January 13, 1913. Since its founding, Delta Sigma Theta has strived to be in the forefront of issues that are pertinent to her communities. From its first public service activity in 1913 at the Woman's Suffrage March to its involvement today with Habitat For Humanity, Delta has shown her commitment through her dedication.

Iota Chapter of Delta Sigma Theta Sorority, Incorporated was founded on December 29, 1921 at Boston University. This was the first historically Black sorority to enter the New England area and today Iota Chapter encompasses schools City-wide, including Northeastern, Boston University, Boston College, Simmons, etc. Iota Chapter sponsors many events in the college community including Black Organization Night, Greek Symposium, Jabberwock and various social action forums important to us today. This year Iota Chapter will be celebrating her *75th* Diamond Anniversary as just part of the many activities planned.

Delta Sigma Theta Sorority, Incorporated is also active politically as well as in the Social Arts. With members ranging from Dianne Wikerson, Jocelyn Elders, and Barbara Jordan to women such as Roberta Flack, Lena Horne, Debbie Allen, and Nikki Giovanni, it is never a question whether Delta Sigma Theta will go far.

On June 8, 1989, the Gamma u Chapter of Sigma Delta au was founded by a group young women looking for oseness and the experience a lifetime. Although a small rority, SDT has helped make e public aware of this great agedy through education nd fundraising for the ational Association for the evention of Child Abuse.

Throughout the fall and ring quarters Sigma Delta u works hard to educate its sters and new members in adership and responsibility creating a strong, secure d supportive environment.

ΑΕΦ ALPHA

Alpha Epsilon Phi Sorority was founded on October 24, 1909, by seven Jewish women at Barnard College in New York City. These women established many of our first traditions - our colors of green and white, the lily of the valley as our flower and our pin of pearls. Alpha Epsilon Phi's motto, Multa Corda Una Causa, Many Hearts One Purpose and our insignia of the three columned Greek temple, have been part of the sorority since 1916. The giraffe was chosen as the sorority mascot in 1975. The national philanthropy of Alpha Epsilon Phi is Cahim Seba Medical Center in Tel Hashomer, Israel and we have recently adopted AIDS Awareness as our community service.

Alpha Epsilon Phi was founded at Northeastern in 1990 by a group of women who saw a need for the Greek System to continue expanding and improving. Throughout the years, we have strived to form the everlasting bond of sisterhood. We have formed common goals by participating in various community services, campus activities and socials within the Greek System. Yet, we are a diverse sorority in nature.

EPSILON PHI

ΔZ Delta

When you see turtles, think of Delta Zeta. Our organization consists of a large number of women who participate in many campus community and interrelated activities. These activities include fundraising for a variety of charities, philanthropies that serve our Boston community such as the "Adopt-A-School" program in which Delta Zeta is coordinating for other Greek organizations on campus to volunteer at local public schools. Delta Zeta's activities range from acts of kindness to elderly and children, to Greek Week, which is a fun-filled week of all-Greek events, to social events with fraternities and other sororities. And of course, we have our study hours, in which Delta Zeta sisters will organize groups to the library.

Delta Zeta's giving nature allows us to share our good fortune with elderly by playing bingo, serving them dinners, and delivering Valentine surprises. Delta Zeta has also put smiles on unfortunate children's faces during their hospital admissions by singing to them on the holidays. We've also had the opportunity of helping out Boston's Salvation Army by reorganizing their library with other campus organizations.

Because Delta Zeta is large in number, we have the ability to plan wonderful retreat weekends for members. The sorority has already ventured to the mountains of New Hampshire as well as Newport, Rhode Island.

SIGMA SIGMA

Founded in 1991, Tri Sigma was named sorority of the year in both 1992 and 1993. It also produced the homecoming queen in 1991 and 1992, the advisor of the year in 1992-1993, and award for outstanding contribution to the university. Tri Sigma has also received recognition for their high grade point average.

Well known around campus for dedication to their national philanthropy of play therapy for hospitalized children, Tri Sigmas are seen each Spring in the front quad during their Teeter-Totter-A-Thon, where they teeter tottered fro 48 hours to help raise money for this fund.

Strong in leadership, community service and campus-wide involvement, Tri Sigma sailed to success through a solid membership and dedicated leaders.

For 87 years, Alpha Kappa Alpha Sorority Inc. has been nationally well known for thier "service to all mankind". However, for almost twenty-one of those years, Iota Gamma Chaptr, has particularly served the Boston community. This chapter was founded by fifteen women in June 1974, whith the idea of service on a local level. Still today, that purpose continues to be carried out.

The ten members who are presently a part of Iota Gamma Chapter, continue to organize programs and do commmunity service projects that are useful to all. They are determined to remain known as the "first and finest" sorority.

Ben Albert, Jay Becker, Rob Belinki, Rob Chiterkin, Brian Connolly, Glenn Davis, Dave Goldberg, Chris Diehl, Mark Dirks, Rich Doughty, Brian Dworkin, Clinton Eller, Kenan Erdogan, Eric Fender, Matt Hodus, Rob Grabowy, Paul Johnson, Andrew Fuentes, Jeff Joyce, Scott Ketelaar, Jason Legere, Steve Leclair, Andy Lattimer, Erick Mankarios, David Marsh, Mike Maunsell, Mike Mooney, Francis McGinis, Brian Medeiros, Kyle McDonald, Rob Newman, Ryan O'Neil, Kevin McGovern, Neville Arthur, Matt Risley, David Runs, Doug Pobare, Eric Pula, James Pryor, Craig Sanderson, Andrew Schimenti, Scott Sickles, Eric Torrand, Brad Toothman, Adam Theall, Geoffrey Whitman, Paul Willis, David Willner.

Sigma Phi Epsilon was founded in the Winter of 1991, and in that short time has become a powerful force in the already strong NU Greek Community. Founded on their cardinal principles of "Virtue, Diligence, and Brotherly Love," Sig Ep has taken a stronghold on many honors given to Greek organizations. They were named Most Improved Fraternity with the highest Grade Point Average on campus, and they were the winners of the Softball Intramural Tournament four consecutive times. Their competitive spirit shows to be the absolute best.

The brothers of Sigma Phi Epsilon have served on Northeastern's Interfraternity Council Executive Board, which is a part of the Greek National Honor Society (Order of Omega) and serves on the Student Government Association.

ΑΕΠ ALPHA EPSION PI

At Alpha Epsilon Pi, men of various backgrounds, ideas, and scholastic majors are brought together in an atmosphere which offers an extension of your educational and social needs. A fraternity is a rewarding association through which you can develop lasting friendships. We have a long-standing reputation as one of the tightest, close-knit Fraternities on campus. AEPI strives to instill in each member a sense of true brotherhood that transcends and enriches all aspects of fraternity life. A fraternity is more than a big house, college is more than a diploma and AEPI is for life.

ΚΣ KAPPA

Kappa Sigma opened its doors at Northeastern in 1992, making it the second youngest fraternity on campus. Remaining small with 25 members, it became one of NU's strongest organizations, carrying home a number of achievements awards in academics and leadership, including President of the year.

A group which has its origins dating back to 1400 in Bologna, Italy, Kappa Sigma embodied the true spirit of its national chapter, with a true mix of cultures and diversity.

Famous alumni include Robert Redford, Jimmy Buffet and Robert Dole.

LATIN AMERICAN STUDENT ORGANIZATION

L.A.S.O. of Northeastern University was founded in 1988. It was formed by a small group of Caribbean and South America Students on campus. The initial goal of the organization was to promote self identity and cultural awareness by reaching of the student body with activities. L.A.S.O is dedicated to promote unity, academic and personal development of Latin American students. They encourage students to explore and engage in Latin- American Community programs and educational political activities at the university. L.A.S.O. has many different meanings to Latino students. It is a place for students to share with others their academic and personal experiences. With these experiences they grow to become aware of their ethnicity, culture, and race. In short, L.A.S.O. creates a sense of friendship among all Pan American cultures.

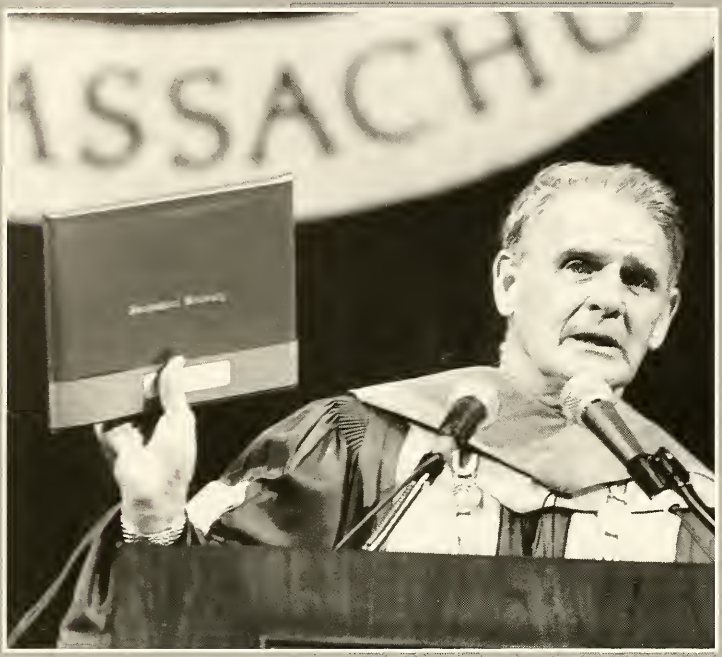
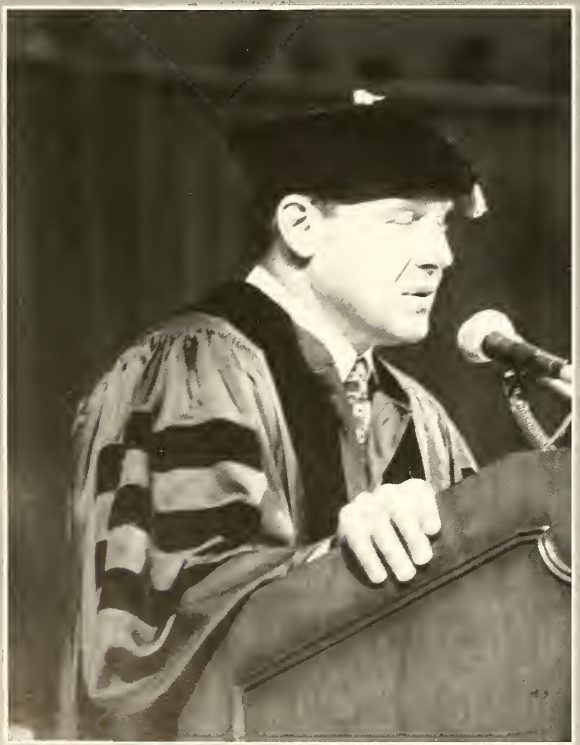
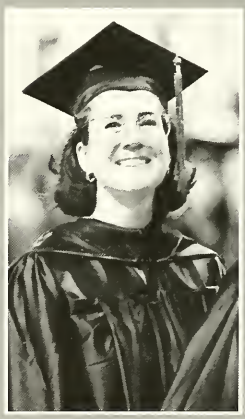
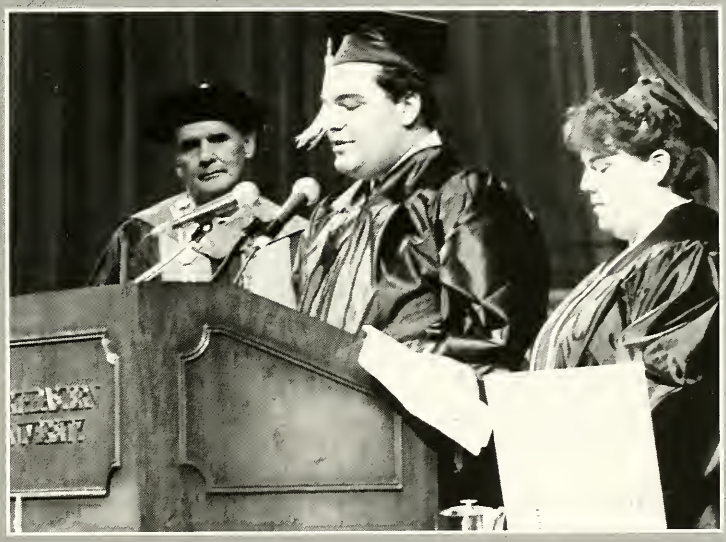
GRADUATION.....

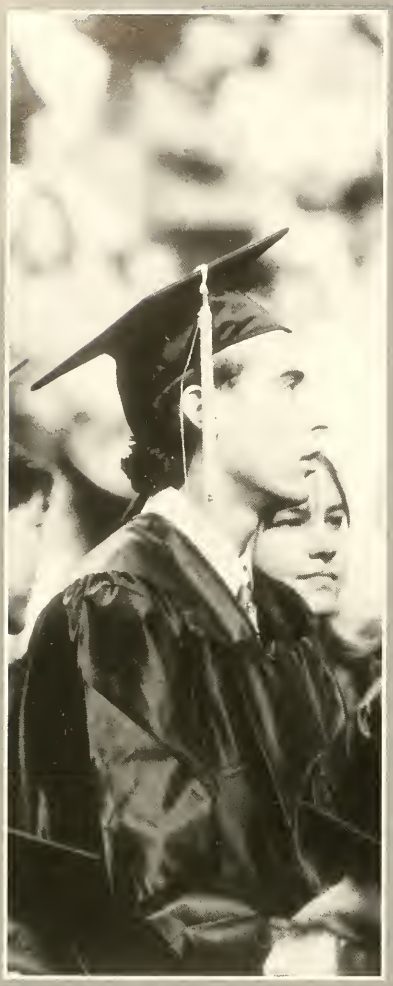


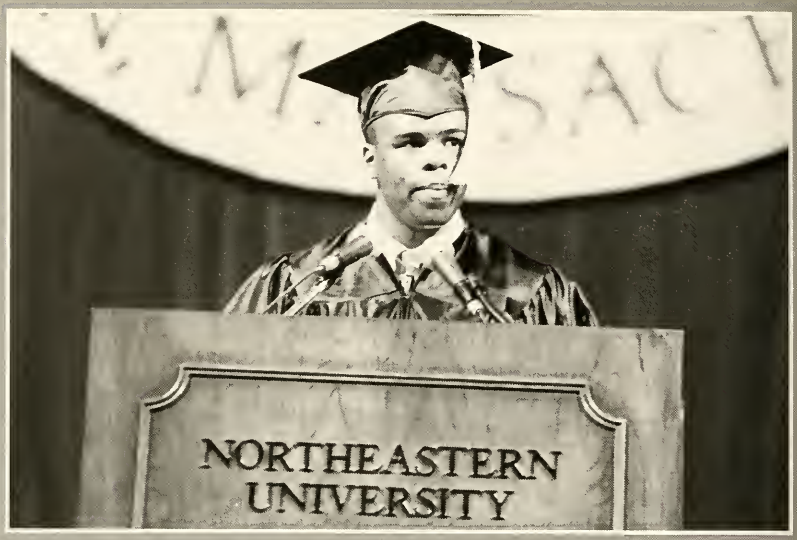


CLASS
OF'96

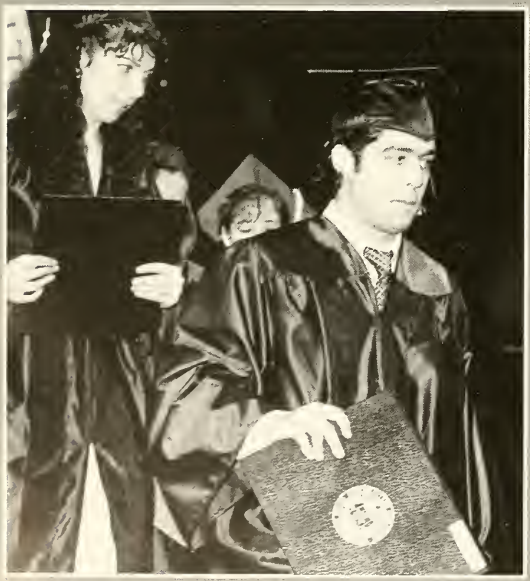




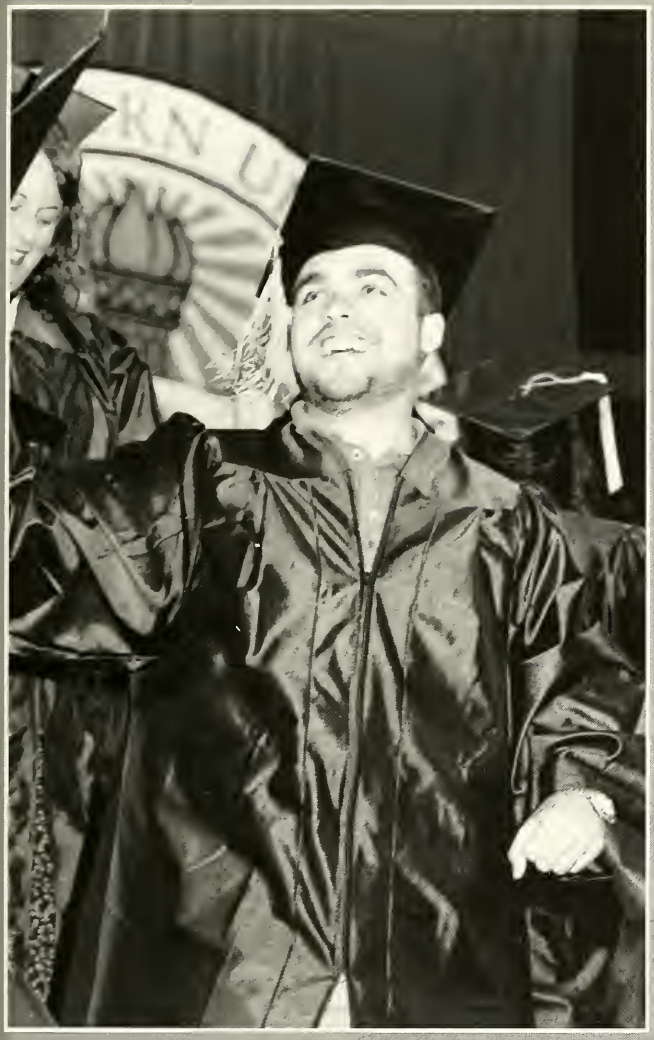


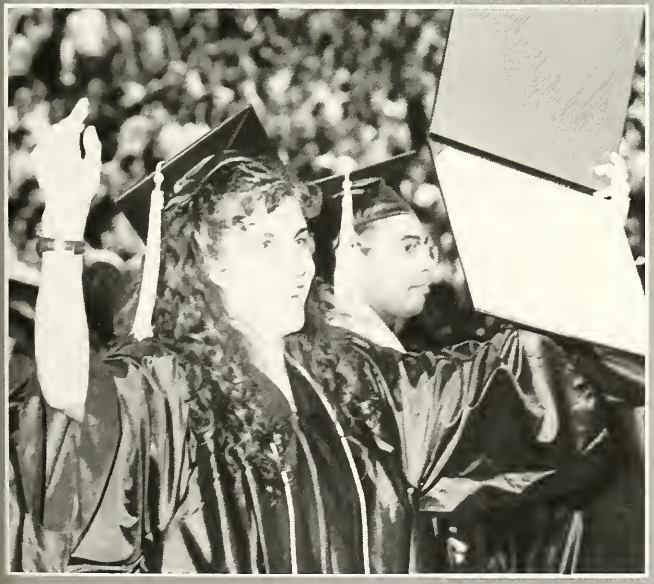


NORTHEASTERN
UNIVERSITY



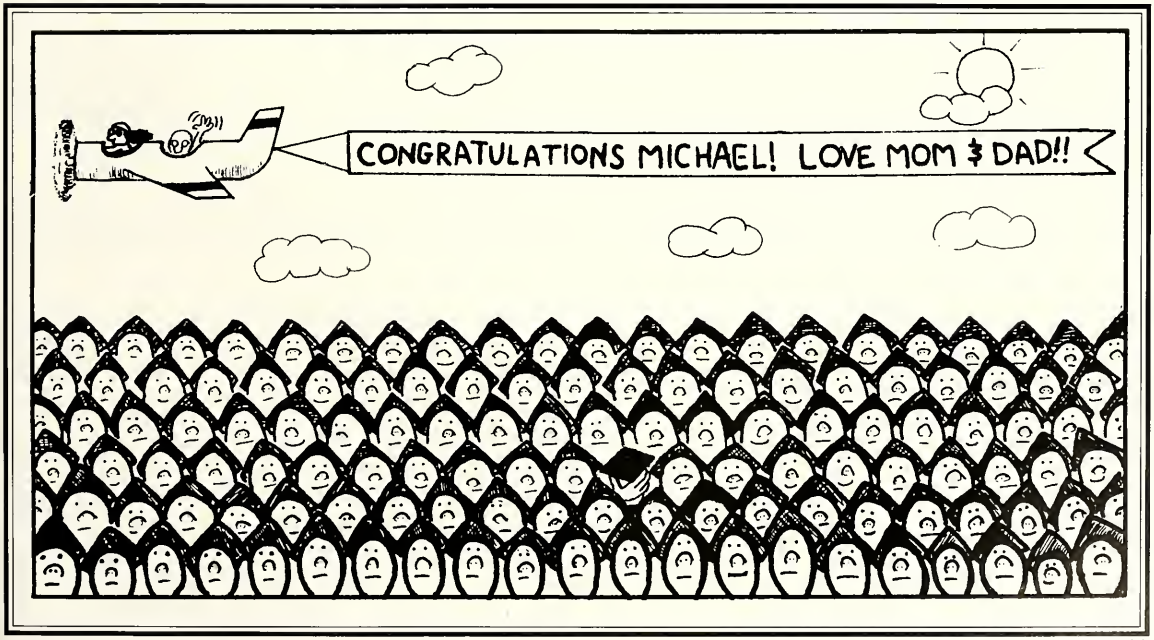
NEVER
ANY
DEBT





TIME
TO
GET

a Look at A dvertisement



BETH LUNDQUIST

I CAN'T THINK OF ANY CLEVER, WITTY SAYINGS; EXCEPT THAT I LOVE YOU AND AM SO PROUD OF YOU.
MOM

JULIE A. MARTIN

Congratulations Julie!
We are all so very proud of you
Success and happiness is yours
We love you
Grumpy, Scott, Steve, Carol, Aura
and Mom

JASON CASMIRA

JASON,
WE'RE EXTREMELY PROUD OF YOU AND THE ACCOMPLISHMENTS YOU HAVE SUCCESSFULLY ACHIEVED.
'CARPE DIEM'-'POCO-BRO'
WE BELIEVE IN YOU!
LOVE MOM & DAD

JACQUELINE LEWIS

Jackie, The happiest years of my life have been with you. You know that I will always love you.
Good luck in Accounting!
Love, Jeff

JILL McELROY

It has been a long time coming
Jill-How proud you must be!
We Are!
Love Dad and Mom

LEROY D. HOSKINS, JR

" You have set your goals high and followed your dreams
Thank you for the great pride, joy, and love that you have brought into our lives.
May your future be filled with happiness, prosperity, and accomplishment."
Love,
Dad, Mom, and Tracie

ANDREW GALLAGHER, JR

We are so very proud of you and your accmplishments,
despite the obstacles you had to face along the way.
Much love and good luck!
Congratulations!

WILLIAM E. COLE

Destiny is not a matter of chance,
it is a matter of choice;
it is not a thing to be waited for,
it is a thing to be achieved.
Love,
Mom and George

OMARI J. GEORGE

We are so proud of you.
Continue to find confidence within your heart.
Let it be your guide towards you dreams.
Love,
Dad & Mom

XIMENA MUNOZ

Dear Ximena,
Throughout the years, you have achieved all your dreams as well as ours.

Good Luck Always!
Love,
Mom, Dad, Paulina, and Lulu

MELISSA A. MURPHY

Melissa,
May your graduation bring you closer to your dreams and remember that I love you and proud of you always
Love,
Mom

MICHAEL H. FRANCIOSA

CONGRATULATIONS !
WE'RE SO PROUD OF YOU.
WE ALWAYS KNEW YOU COULD DO IT, NOW YOU KNOW IT!
ALL LIFES BEST TO YOU.

BRYAN OROSS

CONGRATULATIONS
We are very proud of you
For your success
and
achievements
Love Mom, Dad & Glynn

DEBORAH CLARK

CONGRATULATIONS!
DEB
I LOVE YOU
- GEORGE

SETH ARNDT

CONGRATULATIONS
SETH
FOR A JOB WELL DONE -
WE WISH YOU
HAPPINESS AND SUCCESS
IN ALL THAT LIES AHEAD .

LOVE MOM, DAD AND JESSICA

GINA LOUISE MALAVENDA

GINA- "YOU HAVE SET YOUR GOALS HIGH AND FOLLOWED YOUR DREAMS. THANK YOU FOR THE PRIDE, JOY, & LOVE THAT YOU BROUGHT INTO MY LIFE.
MAY YOUR FUTURE BE FILLED WITH HAPPINESS, PROSPERITY & ACCOMPLISHMENT

CONGRATULATIONS
CHRIS
Your hard work and commitment
has paid off!!
May life take you where you want to go.

Love,
Mom,Dad,Laurie and Kim

JOANNE DES ROSIERS

"Congratulations! This is a milestone that we are extremely proud of.
As you move forward, your future is unlimited, and we will always be there to enjoy and share the

CHARLES W. WOUNDY III

"CONGRATULATIONS!
ALL OF US ARE VERY PROUD
OF YOU-
AND WE SPEAK ABOUT YOUR
ACCOMPLISHMENTS WITH AWE
AND ADMIRATIONS."

CONGRATULATIONS
Debora Peloquin

We are very proud of you.
Your hard work and
commitment has paid off.
You should be proud
of yourself.
Love
Mom and Dad

My beautiful darling daughter Teisha Hall; you have managed to persevere despite all of trial and tribulation that you had to endure as a black woman.
You just keep the good work and hold yourhead up high.

CONGRATULATIONS
HARRY

WE ARE ALL PROUD OF YOU
LOVE MOM, BA, IRENE, AND SPIRO

CHRISTINE Y. TETHERLY

Christine, earlier hints of your excellent talents and abilities have emerged full-blown at Northeastern! You have accomplished so much.
Now, go for the world!
Love, Mom,Papa & Naomi

CONGRATULATIONS TOM

NOW YOU CAN MAKE YOUR DREAMS COME TRUE
KEEP THE FAITH !
MOM, DAD, AND LAURA

Wendy,
Thank you for the great pride, joy and love that you have brought into our lives.
You'll be a great nurse!
Love, Mom, Dad, and Rick

To Our "PIGLET",
Margaret M. Weissauer,
one loud "OINK" from all the clan for your academic and cheerleading achievements at N.E.
Jobs well done!

DAVID J. SOUSA

At this very special time in your life your family is very proud and loves you for all the joy you have given us.

CONGRATULATIONS SCOTT

You have made us all so very proud of your accomplishments
Wishing you continued success and happiness.
We love you.
Your loving family

Rachel Gilliam

A wonderful dream has come true because you worked so hard. We love you very much, and wish you the brightest, happiest future.
Congratulations!
Mom & Dad

Jennifer Lehto

Dear Jennifer,
Where there is a will-there is always a way! You have proven this!
We love you so much ....
Congratulations!
Mom-Tara-Megan

Lee Durocher

Thanks for being there for us when we had to meet all those deadlines!
You're the greatest!
Good luck in all your future endeavors!

THANK YOU
MOM, DAD, AND
COLLEEN

CONGRATULATIONS
Jennifer Edwards

You've worked so hard
and accomplished so much
and we're all very proud of you.

We love you,
Mom, Dad & Hillary

Nikki-F

You have traveled a long road and
have been successful at every turn.

Great women are little girls expanded.
Great lives are ordinary lives
intensified.

It is great to have a free mind,
have the courage to think your own
thoughts, speak your own mind and
live your own life.

You will have a great life and
will be a great pharmicist.

Congratulations, Graduate
Love Mom & Dad

" The future belongs to those who believe in the beauty of their dreams."

With Love and Pride,
Mama & Rob
Shelley & Elke
Rob Jr., Katie, Joe & Greg
Congratulations
KRISTY HARPER!!

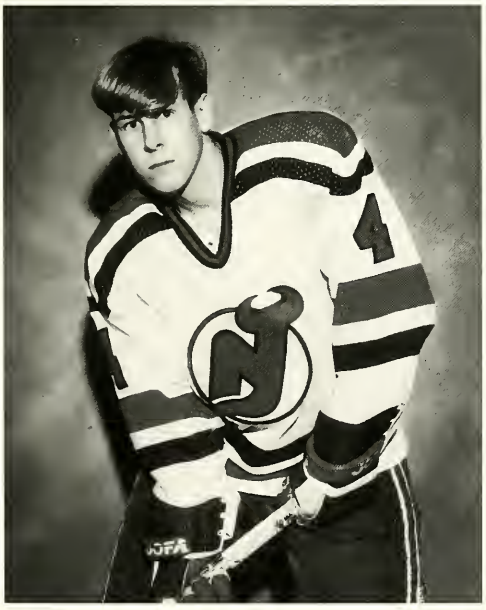
DEAN R. KORB

When all we could give was our love,
you were able to supply everything
else to reach this day.
The pride is ours, The success is yours!!

Love,
Mom & Dad, Dani & Gabi

Great Work Cristina

We couldn't be prouder of you
Good Luck and Love
Mom, Dad & Susana



Congratulations Mark

You have always been a winner!

Love ,
Mom, Dad and Martin

Congratulations!
Christina Gallos

You've made us very proud.
Remember the best is yet to come.

Love, Mom, Dad, and Saki

DONETTE M. REID

Finishing what you have started is what makes us so proud of you.
A little girl has blossomed and is ready to take on the world.

We all love you.
-Benny, Mom, Dad & Family

Jennifer Lynn Wright
Battle Creek, Michigan

You've traveled many miles to get where you are today- but through it all you've always reached your destination. We are so proud of you !

Love, Mom & your Michigan family

Always your own person- intelligent,witty,sensitive and caring.
Congratulations on your success!
We love you
Mom, Dad & Jen

All Hail, Northeastern

Mark the loyal host of Northeastern
Hark the sound of our refrain
Praise the glory of our Alma Mater
May we guard her from all stain
In whatever field the battle wages
Where our joys and hopes are
It's Red and Black that flies foremost
Defiant in the sky
All Hail, Northeastern
March proudly ever free
All Hail, Northeastern
We give Salute to thee through the years, we ever acclaim
Thy glorious destiny
Stand everyman and cheer
Our comrades onward to win the game
They'll bring from out the conflict
Triumph unto the name Northeastern
Proudly our colors wave o'er the victors brave with courage true,
So stand every man and cheer
For the name of old N.U.

EDITOR'S NOTE.....

It has been a long five years, yet you cannot believe its gone. The past eleven months has been a wonderful experience. Through all the neverending deadlines and proofs to look over I wonder how I did not lose my sanity. All the hard work and sacrifices have only made me more proud that the book is finally finished. Although there was a small staff working with me they did a wonderful job helping me get the job done.

Jaime, *photo editor*, thanks for all the great pictures. I do not know what I would have done without your help.
Marjorie, *advertising & managing editor*, thanks for helping me again with the ads. You are a great friend. Good luck in the future.
Amber, *sports editor*, thanks for the layouts. You have been very patient with me. You have done a wonderful job and I appreciate it.
Laura, I want to thank you for putting up with me and helping me with everything. You are truly special to the cauldron. Thanks for everything.
David and Jennifer, *layouts*, thanks for doing a great job on the organization section. You have done a wonderful job.
Aisha, *layout*, you have done a wonderful job on all the sections. You have talent and I wish you the best of luck.
Lee, *copy editor*, what can I say but that the staff and I will miss you very much. Congratulations on your graduation. I wish you the best of luck in the future.
Anyone I didn't mention, I would like to say thanks for your help and support.

Cauldron is "the life" of the University captured for you, the students. This book is for all of you. It is yours. I hope you enjoy it. Years from Now , as You pick up and read this book, I hope you take "One Last Look" at Northeastern. Best wishes in the future!

Sincerely,
Daphne Loiseau

COLOPHON

VOLUME 76 of the Northeastern University Cauldron was printed by Jostens Printing and Publishing Company at State College, Pennsylvania. Our publishing representative was Christopher Spelman.
The 238-page publication had a press run of 1900 books.
The cover is a black with the red lines and the husky dog embossed in gold. The Northeastern University symbol is also embossed in gold.
Most of the type used for the book was Palatino, New York, and Zapf Chancery.
Senior portraits and photos for the homecoming and graduation were taken by Davor Photography, Bensalem, Pennsylvania. Our photography representative was Caren Orlick Korin.
The yearbooks were a fall delivery and were distributed free of charge to all graduating seniors.
The Cauldron had a budget of $20,000 coming from Northeastern University. Others came from senior photos and through advertising.

Send any inquires regarding this yearbook to :
